

** Remember if you do not inform the Police, the Police do not know what's happening in your community. **

CLONe Neighborhood Watch In Action:

Below you will see photos taken right after the crime was committed. Today 9/7/09 at 4:15 CLONe Neighborhood watch was on the ball. Pat was outside starting the grill up & saw a man going in & out of an empty house on the lower corner of Alverado & Pinehill next to the bridge that just went up for rent today caught a burglar stealing things out of the storage shed beside the house & putting it in his pick-up which was already loaded with metal & other things, called the police & 5 of Dekalb's Finest arrived. The police actually surrounded the corner of Alverado & Pinehill, the thief was not going anywhere if he were to try & run. The police snuck up on him very quietly, then up "its Dekalb County Police... put your hands up". He dropped what he had in his hands. The police officer put him up against the wall, patted him down, put the cuffs on him & put him in the car. The officer had to call a Detective to find out if it was either criminal trespassing or a Burglary. It was a burglary.... the detective took pictures of the storage shed & the residence. The perp told the officer he knew the house was empty; that he saw them move out yesterday. But that doesn't give him the right to go into a storage shed and steal the things that are in there. He wasn't given permission to go and take the things in the shed. He also went around the back of the house and took some kind of tubing; the officer said it wasn't copper. This is not the brightest crook I have ever seen. What a dumb bell. He's been seen driving around our community. He has been seen in this neighborhood by several neighbors but until now had not been caught. He has a White Chevy pick-up with work racks on the top and no tag, a duely. The police arrested him, the tow truck came & picked up his truck with all the stuff he had in it.

So please everyone watch out and around your streets and neighbors homes if you see anything and I mean anything suspicious pick up the phone dial 911 and tell them what's going on, then call your block captain, tell them and they are to call Pat or Nancy and let us know.

If you keep the circle going while this is going on the crook will get caught, it happened today just that exact way. 911 stayed on the phone with me as I told her what he was doing and where he was going until the police arrived. So please help us kick the heck out of crime in our neighborhood together as a community.

CLONe never sleeps....we just get quiet.

Thank you all for being here and supporting us in getting the neighborhood cleaned up. We need you all
